Q15 **Do you intend to reopen your business?**

Multi Choice

Q16 Do you own the property?

Multi Choice

Q17 Do you intended to sell the property?

Multi Choice

Q18 Your submission

Long Text

I live at [REDACTED] [REDACTED]. After heavy rains overnight our road and the golf course was flooded, I did drive through flood waters in a AWD car, I drove around to Doncaster Street to dry land and told him to evacuate our property.
Latter we had to climb a wall to get our dog and feed our rabbits who were inside.
Next day I wa ked down to Woods Street to a devastating scene of flooded houses and community areas.
About a month before I met with many groups, friends of Steele and Jackson Creek, Friends of the Organ Pipes, the Maribymong Concerned Waterways Group and others concerned about the health of the Mar bymong River. I recall there was someone from Melbourne Waters there.
The main reason for the meeting was to set up one organization to deal with the many problems facing the Maribymong River and it's HEALTH.
I think Me bourne Water should take significant respons bility for the main factors that effect this river.
I am not sure of all the facts, but if the wall wasn't around the Flemington Race Course I am sure the water would have had a larger area to disperse, which means to distribute or spread over a wide area.
Climate Change over the coming years with effect how much rain we get resulting in flooding. Major decisions must be made to protect all the people who will be effected by further floods involving the Mar bymong River.
We should be so happy to have such a magnificent river, it should be protected, as well as all the people who live near it.
Thanking you
[REDACTED]
